in GSA's Technology  
Transformation Service (TTS)

## OUR PROJECTS

The 10x process **helps develop and nurture projects** to create meaningful outcomes for the American public. This page contains example case studies and the 10x annual report, which summarizes how 10x invested and **how projects progressed through the stages** of the process.

FILTER TITLE ▼

### PLAINLANGUAGE.GOV REDESIGN

A GSA 18F team undertook a redesign and migration of **Plainlanguage.gov**, resulting in significant usability improvements to a widely-used resource and establishing a permanent, stable home for the content.

[LEARN MORE](#)

## ANNUAL REPORT

Every year we generate an annual report that tracks the investments we've made and the outcomes we've helped to achieve for the American public.

See how we're doing: view the FY17 annual report.

[VIEW REPORT](#)

Do you have an idea you want to pursue?  
Because 10x would love to hear about it.
